WHAT CAN YOU FIND?

There's lots of things hiding in our colouring-in sheet. Can you help us find them?

Can you find all of the birds and colour them all in? Can you find the sun and the moon? Can you find the rocket ship on its way to outer space? And can you find all the tasty things to eat, like a pizza slice, carrot and ice cream cone, before your food arrives?

Please advise our team members of any dietary requirements you might have. Please note all food is prepared in a busy kitchen environment where we handle a variety of potentially allergenic ingredients.

MAKE YOUR OWN ORIGAMI BIRD

Before you get started, ask an adult to help you make your bird.

Step 1: Tear off the yellow square and fold it in half diagonally to make an upside down triangle.

Step 2: Fold the flat top halfway down the triangle, then turn the paper over.

Step 3: Take the bottom corner and fold it up to make two triangles, joined at the flat edge.

Step 5: Now fold the same flap back to make a wing, and fold the other wing back too.

Step 4: Then fold the left side

over to the right.

flatten to make you bird's beak.
